
FIFTY-EIGHTH

ANNUAL CONVOCATION

PART II

Northern Alberta Jubilee Auditorium

JUNE, 1968

THE PRESENTATION

The Dean of the Faculty of Education asks the candidates for degrees to rise, and presents them with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

THE PLEDGE

The President, then rising, addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges and liberties of this your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honor of your University, the encouragement of learning and the good of your country?"

Each candidate replies: "These things I pledge myself to do."

THE ADMISSION

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province, and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, right and privileges pertaining to such degrees, and I charge you to use them for the glory of God and the honor of your country."

Candidates then sit down.

School of Household Economics
The University of Alberta

GOLDEN ANNIVERSARY

The Department of Household Economics was organized, under the Faculty of Arts and Science in 1918. Studies commenced in the basement of the Arts Building. Emphasis was placed on the biological and physical sciences as subjects basic to the study of Foods and Nutrition; the degree granted on completion of the program was Bachelor of Science in Household Economics.

Throughout the years the program has been expanded to include subjects such as Textiles, Clothing, Applied Art, Family Economics and Management.

Since 1945 the School has offered the Household Economics courses required by the Faculty of Education. A Master's degree in Home Economics Education is offered by the Faculty of Education in conjunction with the School.

Postgraduate and research programs were commenced in Nutrition in 1960. In 1965 the School expanded further by offering three programs of study: Foods and Nutrition, Clothing and Textiles, General Home Economics. Concurrently, the School moved into a new building.

Proposed changes for the near future are to extend the three year program to four; to offer three areas of study (Nutrition and Food, Clothing and Textiles and a new program in The Family); and to develop post-graduate and research studies in all three areas.
